

## Muhammad Saeed PMP MEng

Senior Project Manager Jacobs Ottawa ON Canada

Saeed is a certified project management professional (PMP) and is currently working with CH2M, a wholly-owned company by Jacobs engineering, with a focus on managing projects of variety of complexity and sizes. Over the past 30 years, he has worked in both the private and public sector, across the globe and more recently in Ottawa. He has held senior and executive roles, specializing in programs/projects management, change management, contract negotiations, commercial finance, and business development.

Moved in Ottawa, Saeed attended the University of Ottawa ON, where he earned master's degree in Engineering Management. The best of times are still getaways with his wife and their grown daughter.

### Profile

Saeed is working with Jacobs since last more than eleven years in different capacities serving the communities across the world in water and waste water projects and programs. He has been a member of PMI for about 12 years and PMP for 12 years. He held positions of project manager, technical director and country manager. As a technical director, he has successfully completed and operated a major water conveyance program worth USD 1.2 billion in Jordan as Country Manager and Technical Director. He had been volunteering trainer for PMP exam preparation for PMI UAE chapter Dubai.

I am interested in serving on the Board of Directors in order to:

- continue to sell the benefits of project management to individuals and organizations as I believe in the project management profession and that it is essential to good management and the success of most organizations.
- be part of a team that will guide the chapter, of which I am very proud, as it continues to grow and evolve. I am committed to the chapter and the Board and will allocate the time to attend Board meetings and activities and to carry out the Treasurer's function.
- serve PMI, which has been so beneficial to my career, so it can continue to help others.

I am most qualified to serve on the Board of Directors for the following reasons:

- I have volunteered in UAE Khaleeji Chapter Dubai as a trainer for the PMP preparation classes.
- I have served as an executive in government organization and am proficient in the work of the board.
- I enjoy working in teams and work well with other people.
