

## Sanjeev Dutt, CPA, CGA, PMP, ITIL v.3

I am a dedicated volunteer with a passion to serve the needs of the members above all else. I believe in generating a balance between the traditions (i.e. things that the core values of the chapter), while ensuring that we consider and blend in new ideas that keep us relevant and moving forward. I have no personal agenda which means I am willing to work with everyone else to ensure that our mission is carried out successfully.

### Profile

Sanjeev is an independent Consultant and has been a member of PMI since 2009.

Sanjeev is a project manager and a financial professional with over 20 years' experience with business systems management and transformations, implementations and upgrades. In addition to his extensive financial management experience, his background includes working with several ERP systems, such as SAP and Oracle, as a project manager, senior business systems analyst, functional team lead, functional analyst, and trainer. His strength is in understanding business needs and translating them into functional requirements for use by the technical team.

His finance experience includes working in both public (Canadian Federal Government) and private sectors, reporting to all levels of management, including senior executives and board of directors. In the private sector, his level of responsibilities involved managing the accounting and financial operations, performing in-depth financial analysis of organizations, budgeting and forecasting (including preparing and monitoring operating and capital budgets), and analyzing and reengineering business processes and policies

### I am interested in serving on the Board of Directors in order to:

- Pass on the benefits of project management to others. I strongly believe in the project management profession and that project management is essential to organizational success.

- Continue to enhance the benefits of project management to our members and Project Managers interested in becoming officially certified. I believe I can be of benefit to the Board in promoting the value of the Project Management Certification to the Government, private industry and not for profit organizations within the Ottawa-Gatineau region.
- Assist with organizing the Chapter's Professional Development Program events, and help our Chapter to educate, inform, and even entertain our attendees on the constantly changing PM profession. I look forward to taking part in expanding our current offer to add personal development topics of interest to PMs, such as time and stress management, and communication skills.

I am most qualified to serve on the Board of Directors for the following reasons:

- I have served on the Board of Directors and Executive of several business and non-business organizations. These organizations included the roles of Director at Indo-Canada Ottawa Business Chamber (ICOBC), Treasurer Toastmasters International – District 61 (Toastmasters), and Chair of Certified General Accountants of Ontario, Ottawa Chapter (CGA).
- I served as Treasurer for 2 years for Toastmasters. The District has over 4000 members and spans a very large geographical area (all of Eastern Ontario starting at Kingston, all of Quebec, and norther New York State). The role involved meeting all the all the needs of the Chapter Executive and members. Using my experience as a professional accountant, I was able to tighten up the policies and procedures for improved accountability for financial management of the District. For CGA, I served for several years as a Board Member, organizing events and acting as liaison for chapter's Student Committee, then finally being elected Chair for the Chapter. For ICOBC, I was a Board Member for several years, organizing the monthly networking dinners, and organizing the annual golf tournament for 2 years.
- I am passionate about helping to expand the knowledge and professional development of others.
- I enjoy working in teams and work well with other people.
