

## Shalini Nagrani, BBA, BMath, PMP, CSP

*I am an innovative operations leader, looking to make a positive impact. PMI OVOC is the right next step, for me, in terms of contribution and opportunity. There is an opportunity here to create a deeper connection with our community of practice to enhance the lives of those around us for the better. My purpose and passion combine when I am motivating, inspiring and coaching individuals to reach their full potential.*

### Profile:

As a Canadian immigrant who was born and raised in Zimbabwe, I view my role in any community as something which has influence and substance. My value lies in creating a team culture that perpetuates sustainable motivation through the constant pursuit of perfection. I deviate from the “typical” corporate employee as I enable those around me to reach professional goals through deliberate access of their spiritual life journeys.

Currently, I am the General Manager of OpenConcept Consulting Inc. (OpenConcept) and has been a member of PMI for over 7 years and a PMP for 5 years. At this point in my life, I am looking to make a contribution to an organization that has fostered much growth and learning in my professional life, the PMI. I am in awe of the work that PMI OVOC is doing to make the world a better place, especially for PMP professionals, but there is still more to be done. I find a true connection to the work that PMI OVOC is doing and, with my expertise we can change the world one individual at a time.

### I am interested in serving on the Board of Directors in order to:

- continue to sell the benefits of project management to individuals and organizations as I believe in the project management profession and that it is essential to good management and the success of most organizations.
- be part of a team that will guide the chapter, of which I am very proud, as it continues to grow and evolve. I am committed to the chapter and the Board and will allocate the time to attend Board meetings and activities and to carry out the Treasurer’s function.
- serve PMI, which has been so beneficial to my career, so it can continue to help others.

### I am most qualified to serve on the Board of Directors for the following reasons:

- I have served on the Board of Directors for the School of Social Entrepreneurs (SSE) since July 2018. My drive and dedication to take this chapter to the next level is the key proponent that will help me be successful in representing each of your best interests in this position on the Board.
- I have a passion for social justice and am looking to give back for all of the luck and privilege that has been afforded to me.
- I have an insatiable hunger for learning and a need to be in an ever-changing, fast-paced environment with high collaboration and teamwork.
