# Why Digital Transformation is NOT About Technology

John Hetherington

PMI®

2019

NATIONAL CAPITAL  
PROJECT MANAGEMENT  
SYMPOSIUM

**Digital  
Thinking**

**New customer experience**

**Digital  
Leadership**

**New digital skills**

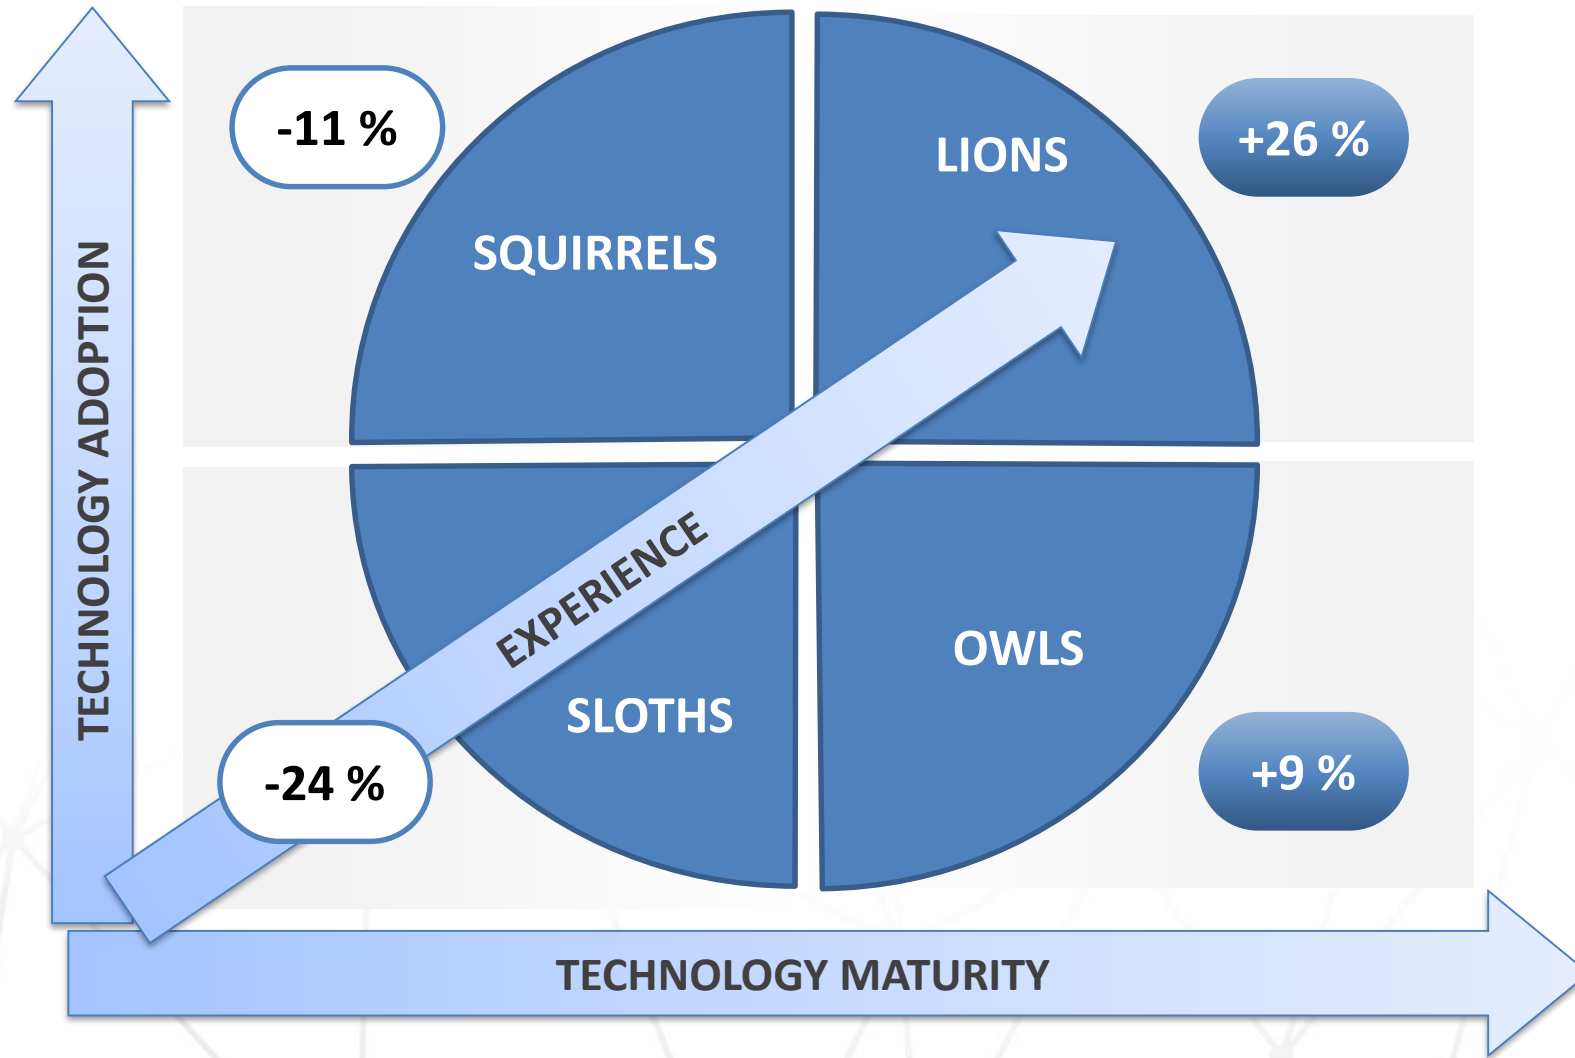

**Digital  
Planning**

**New business model**

# Digital Transformation is...

Using technology to transform existing processes and deliver a **significantly better customer experience.**

Source: Capgemini MIT Ioon

# Status Quo Bias

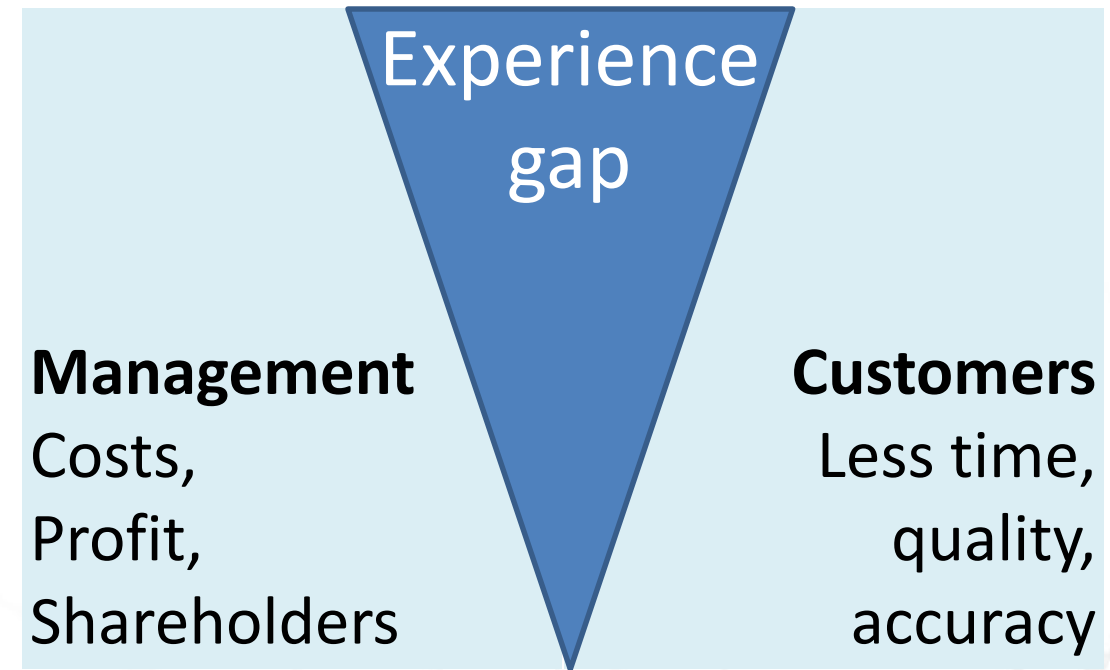

1. Avoid uncertainty
2. Avoid contradiction
3. Avoid regret

# Success factors of Digital Change

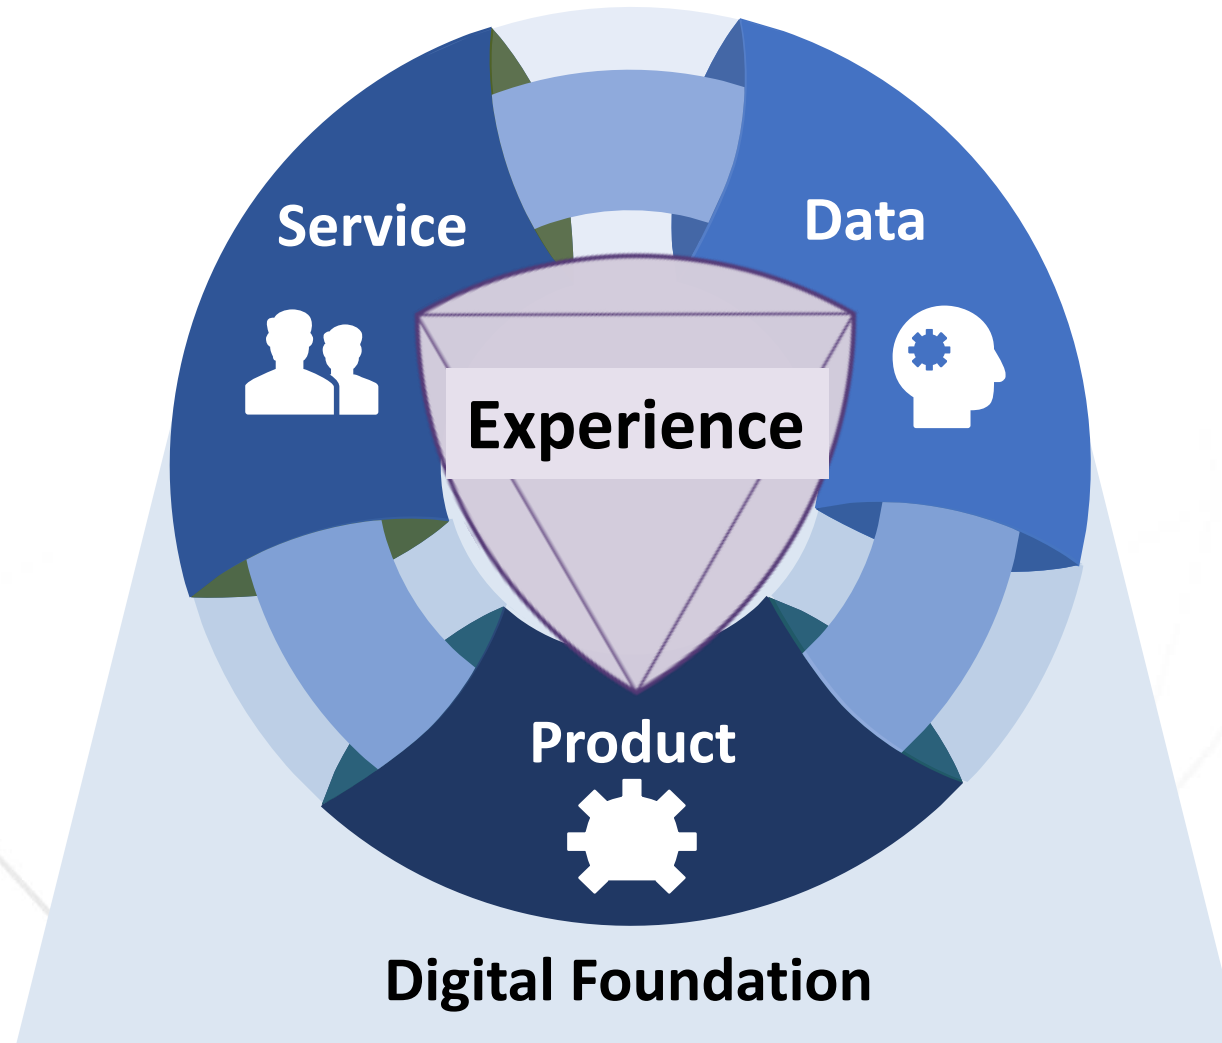

# 1. Digital thinking

“The best way to predict the future is to create it”

Peter Drucker.

**IoT**

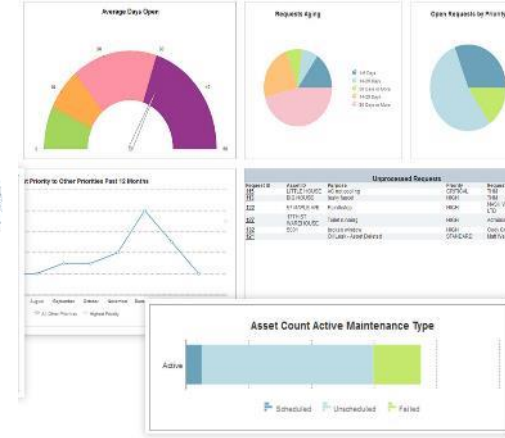

**Cloud**

**Data Analytics**

**AI/Machine Learning**

**Mobile**

**Collaboration**

# Digital Planning
